SCAD

Pre-College Programs

Shine bright!

Glow up at SCAD pre-college programs.

Through Summer Seminars and Rising Star, you'll explore your creativity, learn from acclaimed professors, and make new friends as you experience college life.

Get ready to make a splash!

SCAD pre-college programs participants take the first step to university studies at SCAD locations in Atlanta, Savannah, or online through SCAD's dual enrollment program.

Summer Seminars.

Take the first step to your dream career.

During this weeklong program, SCAD Summer Seminars participants choose two workshops from a palette of award-winning academic programs, including animation, fashion, film and television, graphic design, illustration, interior design, photography, sequential art, and more.

Connect with creatives from around the world at nightly activities and events, network with current SCAD students, and experience the local community. Participants are instructed by SCAD professors, alumni, or select graduate students in small classes of fewer than 20 participants, maximizing individual attention and collaboration. At the end of each week, participants celebrate their accomplishments and work with family at an open house. For more information, visit **scad.edu/sss**.

Open to current high school freshmen, sophomores, or juniors.

Atlanta.

Session I: June 20–25

Session II: June 27–July 2

Session III: July 11–16

Session IV: July 18–23

Savannah.

Session I: June 20–25

Session II: June 27–July 2

Session III: July 11–16

Session IV: July 18–23

Session V: July 25–30

SCAD Summer Seminars participants are immersed in the SCAD student experience, exploring university locations, academic programs, and student life.

- Student registering must be a current high school freshman, sophomore, or junior

Scholarship requirements.

- Transcript
- List of achievements
- Portfolio (three pieces of any kind)
- Student statement of purpose
- For more information on scholarship submissions, visit **scad.edu/sss**.

I took a workshop in fashion illustration, and I became obsessed. I loved the campus and the professors, and I left that week knowing I wanted to do more at SCAD.

Chelsea Gross
SCAD B.F.A., fashion, 2019
Alpharetta, Georgia

Fees.

Summer Seminars participants explore the range of amenities and resources available to students at SCAD.

Rising Star.

Live life as a SCAD student this summer.

Over five weeks, SCAD Rising Star students complete university coursework and earn college credit before they start full-time studies. SCAD Rising Star students enroll in two courses and receive individualized instruction from SCAD faculty.

Courses are taught in inspired SCAD spaces, and students live in university residence halls. All SCAD Rising Star students have access to industry-standard technology, software, and resources to complete their class assignments, including high-definition cameras, 3D printers, and the full Adobe Creative Suite.

Open to current high school juniors.

I started college with a year finished and ready to take advantage of all the opportunities SCAD offers.

Monica Benya
B.F.A., interactive design and game development, 2019
Dulles, Virginia

Students stay connected outside of class through the communication platform Slack. Throughout the session, SCAD Rising Star students are invited to exclusive events to learn more about renowned SCAD programs, meet current students, and explore SCAD opportunities like SCADpro, the university's in-house creative consultancy. At the end of the program, a gallery exhibition celebrates student work created during SCAD Rising Star. For more information, visit **scad.edu/rs.**

Atlanta and Savannah program dates.

June 19–July 23

SCAD Rising Star students build the foundation to succeed at SCAD, earning credit for creative degrees and forging lasting friendships with peers from all over the world.

My summer experience drove me even more to do what I wanted to do. There wasn't any choice in my mind — I had to come to SCAD.

Luke Vuilliomenet
B.F.A., visual effects, 2019
Prospect, Kentucky

Across locations, SCAD pre-college programs participants are immersed in creative spaces to explore their artistic skills and connect with peers.

Dual enrollment.

Take the next step to SCAD.

Through the innovative SCAD eLearning platform, rising juniors and seniors can study from home with SCAD dual enrollment, the university's online pre-college program. SCAD dual enrollment students enroll and complete for-credit, university-level courses in art, history, design, digital media, drawing, and more.

SCAD dual enrollment courses are available during each of the university's academic quarters, and students have access to a comprehensive array of digital resources. All eligible SCAD Rising Star alumni are automatically reviewed for dual enrollment admission. For more information and to apply, visit **scad.edu/dualenrollment**.

Dates. (10-week quarters)

Fall: Sept. 14–Nov. 19, 2020

Winter: Jan. 4–March 11, 2021

Spring: March 22–May 27, 2021

Admission requirements.

- Completed online application
- US$60 nonrefundable application fee
- Official high school transcript
- Official report of SAT or ACT scores for citizens or permanent residents of the U.S. (recommended)
- Two letters of recommendation from teachers or counselors
- List of achievements
- Proof of English proficiency for students whose first language is not English
- Applicants must be 16 years of age to enroll

Fees.

Application fee (nonrefundable). . . . . . US$60

Tuition for one class . . . . US$2,088

Total . . . . US$2,148

SCAD dual enrollment students enjoy access to a wide array of the university's digital academic resources.
